Pass POIF to professional with score and identified relevant conversation points

## EXAM

- Review score from Oral Health Information Form
- Document in patient record
- Consult the conversation guide to discuss oral health practices with the patient and identify potential barriers to receiving care
- Conduct oral health screening with patient

## TAKE HOME MATERIALS

- Fill out dental referral form and give to patient
- Use Common Questions brochure to answer remaining patient questions and give to them as a take-home resource

## CHECK OUT

- Ask patient if they have questions on the dental referral form and if they need help finding a dental professional
- Submit claim
